

# Product Discontinuation Notification

Document availability: **Public**

## Title: Discontinuation of analogue FALCON and EAGLE frame grabbers

<b>Affected Product:</b>	IDS FALCON and EAGLE products (detailed list of models in document)
<b>Document Version:</b>	1.0
<b>Release date:</b>	March 08 <sup>th</sup> 2022

## Reasons and Description of the Product Discontinuation

The FALCON and EAGLE frame grabbers digitize video from analogue CCTV cameras. IDS has been offering these frame grabbers since 1997. The world has switched from analogue to digital. The BT878 video encoder, the main chip of our frame grabbers, has already been discontinued. IDS has assured long-term delivery of its products by keeping major semiconductor components on stock.

The FALCON and EAGLE frame grabber families are discontinued.

## Recommended action for customers

IDS recommends its customers to consider the demand for their products containing FALCON/EAGLE frame grabbers until the end of life of our customers' equipment. Place orders by the last date of purchase.

## Important Dates

End of Sale	Last Shipment Date	End of Support
30 <sup>th</sup> September 2022	31 <sup>th</sup> December 2022	31 <sup>th</sup> December 2025
